The Peck-slip Company threaten to stop by legal proceedings, the other ferry, on the ground that they are violating the ferry franchises of this City, the Peck slip Company having purchased the franchises on this route for ten years. The increased activity in the travel, however, indicates that the public like the arrangement, if it can be made permanent. Yesterday the boats of the Peck-slip line displayed their flags, as on holiday occasions.

EUCLEIAN SOCIETY.—The annual meeting of the Eucleian Society of the New-York University was held in the ball of the Society last evening. The occasion, each year, brings together many graduate members who, in many instances, do not see each other more than once in a twelvemonth. HARWOOD VERNOM, Esq., and was a production which did him a great deal of credit. It was listened to with a great deal of attention, and the applause was frequent and emphatic. UNCLAIMED PROPERTY.—During the past week the Property Clerk, Mr. C. J. WARBEN. has held a number of auctions for the sale of unclaimed property and from these savings has paid into the public Treasury \$1,600, thirty times as much as the average from all Police sources for the preceding seven years. Besides this, the cost of advertising, auctioneering, cartage, &c., has been some \$300. Another sale comes off on Tuesday next. Some of the articles, which are truly valuable, will no doubt be sold cheap, while others of less value will bring all their worth. Buyers will, however, if they give a fair price for the goods, pay their money to a very worthy purpose, viz., the Fund for the Widows and Orphans of Policemen killed in the performance of their duty, protecting the lives and property of the people of the City.
