

## BROOKLYN CITY.

**REVENUE CUTTER TANNEY.**—The cutter *Taney* was raised, on Saturday, by the large derrick, sent down by the Boom Derrick Company. The time occupied in raising was about fifteen minutes. The cutter was towed to the Atlantic Docks, Brooklyn, and the operation of pumping out commenced. At dark, enough water had been pumped out so that the bodies of the two men who went down in her were visible, but were not removed on account of the Coroner not being present. The dead weight raised by the derrick, in raising the *Taney*, was about seventy-five tons. The derrick is capable of raising full three hundred tons; the Superintendent thinks two hundred tons has been raised at one time.

**A MURDER.**—On Saturday morning a man was found near the corner of Hicks and Louqueer-streets, with his brains knocked out—supposed to have been murdered. An inquest will be held this morning. The following is a description of his person—height about five feet eight inches; on his left arm, marked with India ink, as follows:

\*<sup>W</sup>/<sub>T</sub>\* W=T—back of wrist, chain of stars and diamonds; right arm, two ships, and chain of stars on back of wrist; on middle finger and ring finger, rings of India ink. Dress—black pants, stuff vest, diamond pattern; black cloth cap, with Infantry button, letter J. The man is supposed to be 25 or 28 years of age.

**CLOSING OF STORES AND SALOONS ON SUNDAYS.**—Yesterday was the first day on which an attempt was made to enforce the ordinance which prohibits all persons from opening their places of business on the Sabbath for traffic. In most cases we believe the ordinance was complied with, or at least not openly violated, particularly amongst the more respectable class. The Police were on the alert and made a number of arrests of parties not disposed to conform to the regulations, who were either held to bail or locked up for trial. The fine for violating this ordinance is \$50.

It is rumored that the liquor dealers will endeavor to obtain an injunction from the Supreme Court upon the Mayor and Common Council, to stay proceedings till the validity of the ordinance is tested, and that the services of N. F. Waring, Esq., have been secured for that purpose.

**EXTENSIVE ROBBERY.**—On Wednesday afternoon, the house of Mr. Peter Anderson, (who has lately returned from California,) at Lakeland, Long Island, was robbed of a large amount of property by, as is supposed, a servant man employed by him, an Englishman. The property consisted of two gold watches and massive chains, worth about \$350; one heavy gold chain, valued at \$50; three suits of new clothes, and \$800 in California gold coin; also eight heavy gold rings. The chains, rings and money were of California gold. The family at the time were absent on a fishing excursion. The thief, before leaving the premises, secreted all the harnesses, so that he could not be immediately followed. He came direct to New-York.

**MONTAGUE FERRY.**—Numerous inquiries are made as to the fate of the Montague Ferry. The decision of Judge Roosevelt is looked for with much anxiety. The matter has been in his hands for about two months, and considerable complaint is very justly made that the subject has not been acted upon by him before this. The parties retarding the progress of this ferry will be held morally responsible by the people if any accident and loss of life should occur on the other ferries by the boats being overcrowded. Nothing but the most careful management has prevented this heretofore, and the business is rapidly increasing. When shall we hear the fate of the Montague Ferry?

**TWO MEN DROWNED AT PENNY BRIDGE.**—James Hinkley, of No. 39 Atlantic-street, and William Hawley, of No. 141 Court-street, were drowned in the vicinity of Penny Bridge, Gowanus, yesterday afternoon, by the upsetting of a boat. Mr. Hinkley leaves a large family.

**ABDUCTING A GIRL.**—A warrant was issued on Saturday for the arrest of a woman, for abducting a child from its lawful guardian, Hiram Hicks, shoemaker, No. 209 Livingston-street. Mr. Hicks was unable to give the name of the woman, but knows her well by sight.

**MISSIONARIES.**—The Rev. W. W. Scudder, from Ceylon, India, and Dr. J. G. Cole, of the African Mission, addressed the Sands-street Church Juvenile Missionary Society, yesterday noon. The addresses were instructive and interesting.

**SERIOUS ACCIDENT.**—A man named John Downing fell from a building on which he was at work, on Saturday, corner of Hamilton avenue and Mill-street, and received a severe fracture of the skull. He is not expected to recover.

**SUDDEN DEATH.**—A Mrs. Reily, residing at No. 155 Furman-street, died very suddenly yesterday forenoon, at 10 o'clock—from what disease is not known. She was apparently enjoying good health.

**FLUSHING.**—The avenue laid out by the Commissioners at Flushing to Whitestore Dock, has never been opened, on account of a vexatious law suit, which, however, has lately been decided in affirmation of the action of the Commissioners.

**PROPERTY RECOVERED.**—We learn that the suit of Edgar J. Barton against the Pierrepont estate has been decided in his favor. The claim amounts to about \$100,000.

**WHIG MEETING AT JAMAICA.**—A large and enthusiastic meeting of the Whigs of Jamaica, was held on Wednesday, for the purpose of organizing for the Campaign.

**A** young man, on Friday evening, about 6 o'clock attempted to jump on board one of the Fulton Ferry boats, New-York side, after it had started from the wharf. He got into the water but was rescued.

**INQUESTS.**—Coroner Ball held an inquest Saturday on the body of a negro man, who died at the Fourth District Station-House same day. The man was known in the vicinity of Catharine Ferry as "Old Harry," and some time since attempted to kill himself by cutting his throat with a razor. He was sent to the Alms-House to be taken care of, and it is supposed that he left there on Saturday morning without the knowledge of the keepers, and walked into the City, where he was found by the Police of the Fourth District, in a very exhausted state. He died soon after reaching the Station-House. The wound in his throat had apparently been torn open afresh by the unfortunate man. Verdict was rendered that he died from exhaustion.

The man who fell and fractured his skull, at the corner of Gold and Plymouth-streets, died from the wound received. Coroner Ball held an inquest, when a verdict was rendered in accordance with the facts heretofore given.

Coroner Ball held an inquest yesterday at the Atlantic Docks, on the bodies of Henry McGregor, aged 17, and James McGlure, aged 16, drowned by the capsizing of the revenue cutter *Taney*. A verdict in accordance with the facts heretofore published was rendered. Yesterday another body was found in the *Taney*, and an inquest will be held this morning.

**DROWNED.**—A man known by the name of "Tom," a Dutchman, lately in the employ of Gerrit Van Dine, at Newtown, L. I., was drowned a few days since while bathing in Rapelge's Dock, Newtown, having, as is supposed, been seized with the cramp. A verdict was rendered in accordance with the above particulars.

**SAD SPECTACLE.**—A lad aged 14, named James Higgins, was brought before Justice John B. King on Friday, charged by a relative with being a common drunkard. He was sent to the House of Refuge for juvenile offenders.

**DISCHARGED.**—John McLaughlin, arrested a few days since, charged with receiving stolen money, knowing the same to be such, was examined on Saturday before Justice King, and honorably discharged.
