### **Sudden Death.**

A German, whose name is unknown, dropped dead yesterday while walking from Jersey-City to Communipau. Recorder **BEDFORD** held an inquest upon his remains. It was shown by witnesses that he was apparently in good health but a few minutes previously. He was evidently about 35 years of age, was five feet eight inches high, and had a dark complexion and black hair. On his right arm are the initials **B. P.**, and on his left arm crosses and anchors marked in India ink.
